INTRODUCTION.

THE following pages we have devoted exclusively to those departments that have to do with the furnishing of houses, our object being to direct attention to the completeness of our appointments for supplying everything required for this purpose. The success attending our new House Furnishing Department shows that the public appreciates the advantage of being able to find all housekeeping requisites under one roof. They may now be had in our establishment at the most reasonable prices.

Our stocks embrace low, medium and high class goods, of both foreign and domestic manufacture, and are unequalled for variety and extent. The large space at our disposal enables us to carry a greater number of grades and a more varied assortment of styles than will be found elsewhere.

We have inserted price lists of staple lines of goods that may at any time be found in our store, accompanied by illustrations showing a few of the articles we consider most desirable under their respective heads; but no attempt has been made to catalogue all the goods in any department. Additions are made to our stocks almost daily, which would render it impossible to do so.

There are always in our employ experienced men whose advice and practical suggestions will be found exceedingly valuable in matters relating to the fitting up of houses or apartments.

Customers out of town will notice that goods sold in the Carpet, Furniture and House-Furnishing Departments *are sent at the purchaser's expense*. In the Upholstery Department we pay charges only on curtains, covers, lace articles and goods sold by the yard.

MAIL · ORDER · DEPARTMENT.

We have a department organized expressly for the purpose of filling **mail orders**, and all communications receive prompt attention. Information, price lists and samples of materials will be sent free on application.

Remittances may be made by Draft on New York, or by P. O. or Express Money Order. When ordering goods charged, customers who have not established their credit with us are requested to favor us with references.

CARPET · DEPARTMENT.

OUR Carpet Department, which has long held a leading place in the carpet trade of the country, occupies the entire third floor of the building. In this spacious, perfectly lighted salesroom will be found the best productions of the domestic carpet looms and the choicest contributions of the European market, besides an unrivalled collection of rich Oriental carpets and rugs and a complete stock of mattings, oilcloths and everything connected with this extensive branch of our business.

The attention of carpet buyers is directed in a particular manner to the celebrated GLENHAM CARPETS, comprising Wiltons, Velvets with Wilton back, Body Brussels, Tapestries, and Ingrains. These goods, of which we have the exclusive control, are unsurpassed for quality of fabric, elegance of design and beauty of coloring by any in the market, and are included in the price-list given below. The Glenham is one of the best equipped mills in this country, possessing the most approved machinery and perfect appointments in every respect.
